

# Ultrafeed Add-On Components

## Monster II Balance Wheel

Adds slow speed power

This 7 lb. monster wheel greatly increases a sewing machine's slow speed power and makes handcranking when electricity is not available effortless even in heavy fabrics! Use on Sailrite Ultrafeed machines.

#604U / Monster II Balance Wheel . . . . . retail price **\$119.00**

## Standard Light

Attaches to the needle bar assembly cover with one screw. Includes bulb. Ultrafeeds are predrilled and tapped for adding a light.

#1164 / Standard Light . . . . . retail price **\$16.00**

## Baby Lock Light

Features an adjustable neck to focus light where it is needed. Attaches to the needle bar assembly cover with one screw. 40 watt household light bulb required. (Ultrafeeds are predrilled and tapped for adding a light).

#38124 / Baby Lock Light . . . . . retail price **\$39.00**

## Leather Presser Foot

Use this foot when working with smooth/ finished leather and delicate fabrics. For leather work its higher lift increases room under the foot and its reduced tooth surface minimizes tracking. Also reduces scuffing when working with delicate fabrics.

#0183 / for LS-1 . . . . . retail price **\$33.00**

#0184 / for LSZ-1 . . . . . retail price **\$33.00**

## GFCI Plug

This easy-to-use Plug-In GFCI Adapter fits any standard 2-wire outlet and provides instant GFCI protection. It immediately detects ground fault from damaged cords or exposure to water, and shuts off power to avoid electrocution. Use with Sailrite Sewing Machines, wet/dry vacs, electrical lawn mowers, tools, sump pumps, etc. Great Indoor/temporary outdoor protection in the garage, basement, bedroom, yard and deck.

#539 / GFCI Plug . . . . . retail price **\$19.00**

## Table Top & Stand for Ultrafeeds

A more convenient stationary work center for your Ultrafeed machine. Measuring 20" deep and 48" wide, this table top has a cut out section with hinges that allows you to slip the Ultrafeed out of its case and directly onto the table top. The leg height is adjustable from 28 to 34 inches. Adhesive yard stick ruler is fastened to the front table edge, handy drawer for storage. Table is sent unassembled with step by step directions for easy construction.

*Note: This is an industrial table top and stand and there will be paint imperfections on the steel legs and the underside of the table is unfinished fiberboard.*

#100547 / Table Top & Stand . . . . . retail price **\$179.00**

## Kickstand for Ultrafeed

Supports the Ultrafeed machine when hinged back in its portable case. Keeps the case from toppling over. Can be used on any Ultrafeed sewing machine in the Deluxe Case. Snaps on and off.

Kickstand in place.

#100990A / Ultrafeed Kickstand . . . . . retail price **\$9.95**

## Needle Assortment Pack for Ultrafeeds

40 needles, 10 each of sizes #14, #16, #18 & #20, a Deluxe seam ripper and a maintenance brush.

#5343 / Needle Assortment Pack . . . . . retail price **\$26.75**

## Sewing Swing Gauge

Perfect for hemming

This handy swing away gauge serves just like a fence in a tabletop saw to keep the stitches uniformly spaced from the edge of the fabric. Note that it is useful only along the edges of an assembly. Would help in the creation of a semi-flat felled seam.

#100439 / Sewing Swing Gauge . . . **\$10.50**

## Heavy Duty Binder Attachments

Using binding tapes to dress up & finish off the edges of awnings, dodgers, biminis, bags... is made much easier with these very high quality Japanese binder attachments. Binders automatically guide tape into place and fold it over the edge of the fabric. "Swing Away" binder does not need to be removed after use to continue sewing — just swing it away.

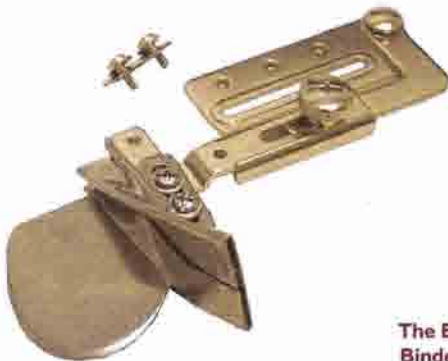

Use with acrylic, Stamoid, and vinyl binding tapes. Screws for attaching to the sewing machine are included. Sold Each.
